My dear Sir William Dawson

I am going to trouble you
with a question about I have an
impression I have asked before,
but if so my letter conveying
the information hither has been
lost - and I do not like to
speak positively from memory.

In regard to the Royal
Society of Canada - am I

not up to saying they have
a library at Ottawa, and
that of the Phil: Trans:
were presented to them they
would be used - of course the
P.S. as it gives away many
copies does not wish to
place them where they
are not wanted - of
course your answer, if un-
favorable, would be regarded
as confidential - with
kind remembrance to Lady

Dawson and he both wishes
for Christmas to your whole
circle Love

Sincerely yours
