

Toronto

14th Dec. 1880.

My Dear Sir William

The Registrar in replying to me Murray has given the returns for last year.

The present number of lady students is 34 as compared with 27 last year; but there is an increase in the other students also, and as the returns will not be complete till Xmas; I instructed him to give as stated. I note below the communication sent.

In haste
faithfully Yours

Daniel Torrey
