My dear Sir William.

Thank you very much for continuing "The Boy's Own Paper" for 1889. I find them very interesting & instructive, specially last year. I have read a great many books this year; mostly travels & adventures, & have received a book from my brother Percy, for a Christmas present. I hope you have recovered from your accident & feel quite well.

With kind regards to Lady Dawson & yourself. Wishing you all a happy New Year.

I remain your affect young friend

Ernest Elliot
