Dear Sir William -

Many thanks for
 the personal feeling
 which I feel moved
 you to write - as you
 propose to Mr Currier.
 I scarcely like to
 say whether you should
 send your proposed
 letter or not - My
 object in letting
 you know what
 was threatened in
 my

P.S. I return Draft of
your proposed letter
& will see you before
my letter to the
General Secretary
is sent.

regard was that I felt
that there was a distinction
in regard to changing
the composition of the
Council which was
not avowed in the
Promissory Secretary's
letter to me - and
which might not
have for its object
what the letter in-
-dicated - If you
think best to send
your letter I can
have no objection

to your doing so, at
the same time I
don't see that I have
any course open to
me but to tender
my resignation.

As to the time of
doing so & the form
in which it should
be communicated
I am quite ready
to be guided by
you.

Very faithfully
yours
Le Roy Anderson
