

Geological Survey of New Jersey.

New Brunswick, N. J., Jan. 1, 1889.

Mr. J. W. Lawson.

DEAR SIR :—

The First Volume, (Vol. I), of the Final Report of the State Geologist is now published and ready for distribution at the Office of the Survey in New Brunswick. It is a bound volume of 439 pages, and treats of the TOPOGRAPHY, MAGNETISM, and CLIMATE of New Jersey.

Should you desire to receive it, a copy will be sent to your address upon the receipt of 22 cents to prepay postage, or upon instructions to send by express.

The Board of Managers have authorized this notice to be sent to all persons on our distributing list who are accustomed to receive the Annual Reports of the Survey.

Yours respectfully,

GEO. H. COOK,

State Geologist.
