

Papers on *B. Hameri*, and *cretaceous plants* also received
The first I will send to my son to read as he is interested in the subject
of *Alveolites* in fossils.

Dear Sir Wm

I have read with
much interest your
article on *Cozoic* and
Paleozoic Rocks, which
I see was written before
the age of *Alveolus*
fama was determined.

I have taken the liberty
of making some notes
on pages 804, 805 and 813
in reference to the *St John*
Cambrian, and hope
when you have looked
them over you will return
the pamphlet as I shall
value it for reference & use
Yours truly G. F. M.
