

Princeton, N. J., Feb 19 1889

To Sir William Dawson M.D.
President of the Erie County
New York

r r r

Dear Sir:
Though I have not the
honor of personal acquaintance with
you, I have that as President of this
College when I believe we were once
brought into your presence & when I
hope it may be my privilege to welcome
you again I take no undue liberty
in asking leave to introduce to you
my friend the Rev. Dr. Craven D.D. of Philadelphia
himself. Dr. Craven is the Secy. Secy.
of the Board of Publication of the
Methodist Church & is planning a series
of tracts on the times the scope of which
he will explain to you. I venture to
express the hope that you will meet this
series with interest. The contributions to this series
that he would like to have from you. They
to be given by arrangement that he is to be
serve the cause of truth in a very important way.
Francis L. Patton
