Sir J. W. Dawson

Sir

Many thanks for the copies of
your papers which you sent me
I should have acknowledged them sooner
but I was waiting in hopes you would be
able to give me a reply to the question
I asked about obtaining the report of the
Royal Society on the eruption at Krakatoa
I assumed that you could not give me
any information so I have written to
the secretary of the R. Society and hope
to hear from him in due time

Again thanking you

I am Sir

Yours truly

J Waddell
