25th March 1889.

Dear Sir

Your favour of the 5th inst.
with h.s. of Paper came duly to
hand on the 19th inst.

I wrote to the Editor of
"Nature" giving him your Paper,
and have his reply stating,
"that he would be pleased to
receive it." It is now forwarded,
and should appear in "Nature"
in a week or two, when a
few copies of the latter will

John L. ...
...

be sent to you.

With respect to specimens
of plants, packets, spore-cups or
fruit, you are very welcome to
any of these you may wish to
retain. Should you care for
the spherical packet, kindly
accept it, and the same with
any of the others.

It is very pleasing to me
that the specimens I've at last
received adequate determination,
and recognition. words fail me

to sufficiently thank you for the
great kindness you have shown,
and the trouble you have taken
in connection therewith.

I can never forget it.

I remain,

Yours very sincerely,

James Reed.
