Montreal 11th April 1859

Dear Mr. De Meun,

This afternoon I took
on the Governor General
and spoke to him in the
course of our conversation
of Tuesday last, about his being
present at your Convocation
on the 30th inst. and also
the Dinner of the Graduates the
same evening. He of course

Guth understood that what
I said there was wholly un-
official and that he would
informally communicate
with you on the subject within
a few days. His Grace Murray
Kendall said that it ~~was~~ give
him pleasure to assist an
institution to the present both
as the Convention and the
Dinner, but he did not appear
to be quite sure that Lady
Stanley would be able to

accompany him to Montreal
at that time. So the
matters stand at present
and you will know what
further to do about it.

I go to Montreal tomorrow
evening and will be here
on Saturday & Monday

As there is
I send you
Dear Sir,
Yours truly,
Dewey
