

April 16/89

Dear Sir Donald,

As requested
I now enclose lists
of former Fellows
Professors & at
present in town. I
may explain that
the list is that
on which we usually
write to college
entertainments and

is of course entirely
subject to your own
revision as to omissions
and additions.

I may say that
in our experience
only a small pro-
portion say one
third has turned
up; but it might

be different in the
case of an curator
from you.

As to
Ind. at South
Mepp

The different in the
case of an
from you.
