Dear Sir,

I handed your letter of the 17<sup>th</sup> inst. to Dr Selwyn who at once instructed Mr Lambie to make the arrangements. He is at work at them now.

I expect to leave here early next week for the Red Deer River. While at Calgary I hope to spend a day or two at the Elbow, and collect a few more fossil leaves. I also expect to increase our collection of fossil plants from the mouth of the Palindemon on the Red Deer R.

Yours truly  
Hosell Meeson
