Sir Wm Dawson, F.R.S.

Dear Sir,

I have completed my
third year in Arts and am
making a collection of insects.
I am unable to procure
suitable mounting pins
for my specimens and
write to you for advice.

Can you direct me to
any keeper of entomologist's
supplies in Montreal?

If you can, I would
deem it a favor if you
could let me know the
name & address of the firm
before I may send.

I have the honor to be, Sir,
Your grateful pupil,
Robert McDougall.
