My dear Sir,

The intense delight
and great profit which I have de-
rived from your book on the 'Origin
of the World' and your other works
have encouraged me to ask your
kind acceptance of my humble
defense of the Old Testament - The
Bible true to itself.

After you have written so much
and with such distinguished suc-
cess both in science & revelation, it
seems presumptuous in me with-
out the honor of personal ac-
quaintance to thank you for
your work of faith & labor of
love in our Lord's vineyard.

But in old age and cessation
from work I cannot refrain from
acknowledging my debt to you for
your noble vindication of the Old
Testament, and expressing my grati-
tude to God for enabling you to give
to clean Sepulchre a testimony to his
creative power difficult to know. May
He graciously add many years to your
valuable life, and grant you yet
more fruit to the praise of his grace.

I am ever most gratefully

A. Moody Stuart
