Dear Mr. William

We have arrived here & Embark
this evening & enjoyed our trip & Canada
very much, quite beyond our expectations.
The friends you introduced us to in
Montreal made our stay there quite lively &
it will repay us coming back here &
Niagara as we have seen so much
of the country which is worth seeing
besides the falls which it would
have been a sin to miss. I
hope you will think again of coming to
England, & if you do come see South
Wales, My daughter & I will be delighted
to see you or any of your family at Allford

though we cannot offer you the
attractions you have reared home.
Regarding Logan's farm I was much
disappointed, I must say, with the appearance
of the class of people settling there & the
chances of an early sale at good
prices; I shall talk to my brother about
it & we will let you know what we think
best to be done, but I keep in mind
what a disagreeable offer it must have
been for you, particularly when Mr.
Grant's mismanagement of the Ken. Estate
became known and shall always thank
you for the advice you have given Mr.
Williamson & us. Thanking you for
all your kindness & hoping I may
see you again some day.

Believe me with kind regards

Yours sincerely
J. Stewart
