Dear Sir William Dawson,

The Earl and Countess of
Mentsh (better known by their
former titles of Lord and Lady
Brabazon) intend to visit
Canada this autumn. Their
main object is to see
Hospitals, schools, &c
Their lives being given
to social and beneficent
objects. If they see
you, I am sure you will

be glad to give them
any information or advice
that may help their
inquiries about emigration
or other matters in which
they are interested. I
saw them by card and
your address, but not a
formal letter of introduction,
as I do not know their
movements. Hoping you

are well I am ever truly yours

James Macaulay.

I look forward to a successful meeting
of the British Association at Newcastle
in September, and wish you were there.
