Dear
Dr. McVicar

Sir William Dawson,
 McGill College, Montreal, Canada.

My dear Sir,
 I write this to jog
 your memory concerning our brief interview at
 the close of your address before the Young
 Men's Christian Association at Toronto, Sunday
 evening Sept. 1st. I expressed a regret that
 there was no reporter present to take a ver-
 batim report of your address on the theme that
 there was no conflict between science and
 religion, as I should be pleased to give it a
 much wider circulation than that audience
 though the columns of "The Treasury for Pastor
 and People." You said you would write it out
 if I thought it would do any good. Most cer-
 tainly, - it is right in our line of teaching
 and within the scope of our magazine. I think
 you must have forgotten that during six years
 it was published under the title of "The Pulpit
 Treasury," and in the September number of
 1885 we published a portrait of Dr. McVicar,
 his sermon, and the Theological School connect-
 ed with your University. We are arranging for
 a series of papers for the twelve issues of the
 coming year and should be pleased to have the
 address in question written out as one of them,
 and should be pleased to remit you \$15.00 as
 outlined in the annexed circular.

Very truly yours,

(Distd.)
