Sir J. William Dawson

My Dear Sir

I must before long -
bring out a revised edition of my "Elements
of Geology". I would like to have your
permission to use your figs of
Eozoon in your recent memoir on that
subject. I refer particularly to fig 12
I would be much obliged also if you
could suggest where I would find the best
figs of Devonian plants - suitable for text
book illustrations - I have some books but
I am sure you know many more

I have followed your son's work in Brit-
ish Columbia with very great interest
you have reason to be ~~pr~~ proud of him
and his work

Very sincerely yours
Joseph D. Conte
