

Sturtevant  
Oct 1899

Dear Sir William

I am just in receipt  
of yr note.

In reply I hardly  
know what to say -

After the deep  
obligation I am under to  
you & Lady Dawson for yr  
kindness to me ever since  
I have been in Montreal  
I w<sup>d</sup> feel extremely hurt.  
if you w<sup>d</sup> not look on

this trifling act as a friend's  
not professional work -

I enclose the ~~memo~~  
prescription - if you  
feel you can not  
accept it as a  
nonprofessional act  
I can only ask you  
to destroy it

Sincerely Yrs.

J. W. Stirling

P.S. it was mainly  
this my representation  
& at my request that  
Miss Dawson's eyes were examined

I wd have liked to check this

prescription over before ordering

if I had have a look at Miss

Johnson's eyes before she leaves. This  
at least is what I had to do.
