My dear Sir William

I have just received the first number of the new volume of the "Boy's Own Paper." It is extremely kind of you to send it to me year by year. It seems to get more & more interesting, and the stories are (for the most part) by the best writers for boys. Last year I went in for the

B. O. P. "Illuminating Competition",
the subject being a text from the
Bible. I won the 3rd certificate in
the 2nd Division. I am going to
make another attempt next year.

Hoping you and Lady Dawson
are well, and With kind
remembrances.

I remain

Your affec^t young friend
Ernest Elliott
