Sir William Dawson

Dear Sir, -

Rev H. A. Robertson,

Eromanga, has sent to my care five cases of
missionary curios one of which is for you. I
forward it by rail, and hope it will reach you
in good order. The charges on the five cases from
London to Halifax are \$11.70. Truckage here will
cost about \$1.25. I have no advice from Mr
Robertson but I presume the charges from Australia
to London must be greater than from London to
Halifax. I am suggesting to the parties who
receive cases that we recoup Mr Robertson.
I shall be pleased to receive any sums that
may be contributed for the purpose and shall
promptly forward the amount

Yours very sincerely
J. Currie

P.S. I have just opened a
Case containing spears &c. for
Halifax friends, and find two
for you (poisoned). They are
about 8 or 9 ft long. I
will take care of them until
I hear from you J. C.
