

6th Jan '90

Dear Sir William:

I was unable to see the Commissioner
 or Deputy Commissioner of Works & Buildings, in whose
 charge the Museum is placed, on Saturday. But I
 saw the Deputy today & left you Post Card with him.
 He has since then sent me word that if the photographs
 can be found in the Museum I am authorized to
 send it to you, but that if the specimen itself is
 there & no photographs, he would not feel justified
 in trusting it to the post; and in that case, that
 if you wished, you could have it rephotographed -
 I did not get this word until too late this after-
 noon to go to the Museum. But shall go there
 tomorrow morning and get the person in charge
 to search for the photographs & specimen. There may
 be some difficulty in finding them, now that Dr.
 Hareyman is no longer there. But I hope to be
 able to send you what you want at an
 early date.

Yours very truly
 J. G. MacGregor
