

My dear Sir!

I had the pleasure to see Mr. N. Evans and I hope to see him still more.

Many thanks for your newest sendings: on fossil plants from the Mackenzie land, "New Species of fossil Sponges." Prof. Wolf - Berlin has promised to bring your letter, of which you had the goodness to send me a copy, very soon in the *Zeitschrift der deutschen geologischen Gesellschaft*.

I remain, my dear Sir, with the highest respects

Freiden

1890.

Yours very truly

H. B. Geinitz.
