Dear S. Abbott,

I have your  
note of yesterday,  
and shall try to  
prepare something before  
Monday.

I regret to hear  
that you have been  
suffering from the pes-  
sailing malady; but  
hope you are Monday;  
and that you will take  
the necessary care to avoid  
recurrence, which is true the  
the cure does

Dear Sir Wm Dawson,

I am glad you mentioned the survey, but it is so much out of my line of reading or observation that I do not know anything about it. You speak of its comparative efficiency and cheapness. Could you throw me together two or three notes, very short, on this subject?

Yours sincerely,

J. H. Booth
