OFFICE OF THE BOARD OF COMMONS

Sept 19/50

Dear Mr. [Name]

London

I have the pleasure to inform you that the Board of Commons has received your letter of the 14th inst. in relation to the proposed alterations in the regulations of the [Name] and has decided to refer the same to the [Name] for their consideration. I am, Sir, very respectfully,  
Your obedient servant,  
[Name]

The printer's error has been corrected and the proof is now ready for the press. The alterations proposed in the regulations of the [Name] have been approved by the Board of Commons and the same will be printed in the [Name] for the month of [Month]. I am, Sir, very respectfully,  
Your obedient servant,  
[Name]

Commonwealth of Pennsylvania

# Geological Survey

J.P. Lesley, State Geologist. Edw. B. Harden, Chief Clerk & Topographer.

907 Walnut Street, Philadelphia.

BOARD OF COMMISSIONERS.

Ario Pardee, Hazleton.	Charles A. Miner, Wilkes-Barre.
William A. Ingham, Philada.	Joseph Willcox, Media.
Henry S. Eckert, Reading.	Louis W. Hall, Harrisburg.
Henry M. McCormick, Harrisburg.	Charles H. Noyes, Warren.
S. Q. Brown, Philadelphia.	Jacob Thorney, Greensburg.
William A. Ingham, Secretary.	

Feb 19/90

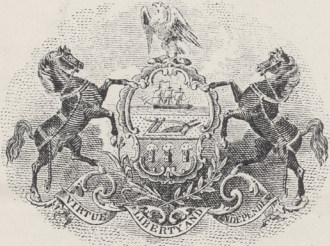

Sir Wm Dawson

McGill College Montreal

My dear Wm I am greatly indebted to you for your unexpected favor of 2 extra copies &c. for you must have plenty of correspondents to send them to, & I can order such things (when I know of them) from Montreal without troubling you. All the more I thank you. I have combined your figures in a few satisfactory cuts for use.

I mail you eleven signatures §1 - §11, Vol. 2, and duplicates for your correction if you have time to look them over.

The printers are very slow, but I hope to get the Vol. through in three months. But the Auditor General has got frightened (or rather Governor Beaver has frightened him about expense) and frightened the Board of Com<sup>r</sup> who have obtained my promise that the Appendix shall be postponed until after outstanding Reports shall have been printed. I half dare to hope that this will give me a chance to get a great deal of new stuff into it before it goes to press. Meanwhile

BOARD OF COMMISSIONERS.

Ario Pardee, Hazleton. Charles A. Miner, Wilkes-Barre.  
William A. Ingham, Philada. Joseph Willcox, Media.  
Henry S. Eckert, Reading. Louis W. Hall, Harrisburg.  
Henry M. Cornick, Harrisburg. Charles H. Voyce, Warren.  
S. Q. Brown, Philadelphia. Jacob Turney, Greensburg.  
William A. Ingham, Secretary.

July 19, 1890 (2)

my end is gained. There is a great & constant call for the Vol 1 & I am oppressed with Correspondence. I made it for the people & the people show they appreciate its usefulness to them. I don't much care whether the volumes are kept together or not. Each volume will be educational enough. We must stimulate & enlighten the Curiosity of the Common people. The quality of food being good, it matters little about quantity or style.

Now if we could only combine the efforts of the thorough palaeontologists to produce a complete Encyclopedia, there are enterprising publishers who would take the work off our shoulders. I venture to regard Miller's new edition as a proof of this, if any proof were needed.

I thank you for your paper on new fossil plants. Everything you have ever sent me has been of the greatest pleasure & profit to me.

I have been miserably feeble of late and think I am going to die soon. But I have thought so forty times in my past life & haven't died yet. Hope you are in sturdy good health, & happy in the mild weather  
Yours faithfully. Lesley.
