

Dalry

GEOLOGICAL SOCIETY.

BURLINGTON HOUSE, W.

6 March 1890

Dear Sir William Dawson

Your letter of the 19th

U.S. & the two cards of drawings

have reached me quite safely

to day, & I hope before very long

to give you notice that the paper

has been read to the Society, -

Of course the question of printing

comes in at a later date, but I

don't feel much doubt about the
fate of the paper -

Believe me

Yours very truly

W. T. Dallas.
