Dear Sir

I must express my regrets for overlooking
your Pterygotus Canadensis in making up my
Catalogue.

The object of issuing this small pamphlet was to get
the criticisms of Paleontologists upon its merits before
the publication of my final work on the Bibliography
of the Paleozoic Crustacea, including a list of the
North American Paleozoic Crustacea.

In looking up this subject for my Catalogue I looked
into all the accessible Scientific publications in
my own and other libraries, and the omission of
Pterygotus Canadensis may be due to the absence of
of this particular number of the Canadian Naturalist
in the libraries consulted.

I shall include it in the final edition

Very respectfully
Yours Oth. Serp
