Dear Sir,

In reply to your favor of the 13th.
I beg leave to say that I have seen M^r. Benjamin,
who is interested in the lots above Wallbrae Place,
& at whose request it was that I spoke to M^r.
Drakenridge about them.

M^r. Benjamin tells me that he & the
other parties interested have not yet come to any deci-
sion about building on the lots. They prefer to
sell; and it is only in case they should fail to find
a buyer that they would determine on building,
so as not to leave the property remain idle.

I will have much pleasure in informing
you of their plans for building so soon as they
decide on them.

Yours faithfully

L. A. Hart
