you for yours of 12th inst and  
enclosures which will guide me  
I suppose in the somewhat prosaic  
matter of manage contract  
and about I see under unreciprocating  
any special instrument executed  
in England. I quite understand  
your position as stated in your  
letter and feel the difficulties  
in the way of any certain  
promise for all essentials, We  
must trust much to Providence  
and to good feelings and  
intentions and I am  
quite willing to accept in

The latter reported there that  
Mr. Cooper, such small news  
was for as I can make  
in the meantime I shall at  
least to and shall see that  
her interests are ~~protected~~ <sup>carefully</sup> managed  
and that what may remain in  
decrease +

With our kind regards  
and good wishes and trusting to  
see you in due time but busy  
yours of day Dan Garrison
