To Sir William Dawson C.M.G., &c., &c.

Dear Sir,

I am much obliged for the two copies of your paper entitled "Note on a Fossil Fish & Marine Worm", that you were so kind as to send me.

I am specially interested in the Cottus, as we have recently acquired the larger part of Mr Stewart's collection, & with it the specimen which has furnished part of the material of your "Note."

Very truly yours,

J. F. Whiteaves.
