

Tupper

VICTORIA CHAMBERS,
17, VICTORIA STREET,
LONDON, S.W.

26 June 1890.

Dear Sir Wm Dawson,
With reference to
previous correspondence,
respecting the proposed
determination of the
Longitude of Montreal,
I beg to enclose, for
your information, a
copy of a letter which
I have received from

the Astronomer Royal
upon the subject, in
which he promises
to give his personal
cooperation in the work.

You will gather, however,
that the matter turns
on the provision of the
necessary instrumental
appliances; and that,
as funds would be
required, it is desirable

that the Colonial Office
should communicate
officially through the
Admiralty.

I have written to
the Colonial Office
today, asking that the
Secretary of State
will commend the
matter to the favorable
consideration of the
Admiralty, and I
trust the Endeavour

we are making will
attain the object you
have in view.

Remain,

Yours faithfully
Charles Tupper
