

Montreal July 4/90

Dear Sir William

I have a letter
from a friend in Japan
and I would like to have a
very few minutes conversation
with you about him and the
Chair of Experimental Physics
in your College. If you can do
me this favour I will be glad to
call upon you at any time you
name except Tuesday forenoon
or Wednesday afternoon.

I remain Very Sincerely Yours

A. D. J. P. L.

Sir Wm Dawson
