Sir J. William Dawson,
Birkenshaw, Little Metis,
Canada

Dear Sir:

Your letter
of July 31st from the above address was
forwarded to me by the Publishers.

The art. on the Schief was reprinted
by us in a former number - I do
not remember the month, I think

myself it is a conclusive reply, to
Stuxley ^{at that point.} But as the Professor has
thrown down the gauntlet to the Chess
upon all points touching science there is
ample ground for an article, if you
will honor our columns with it. We
desire it to appear in the October num-
ber or else in November and leave

The character of the article and its
remuneration ^{only} to settle, ~~and~~
asking that we may be informed.

I hope you will kindly consent to
furnish us. We on our part will
give the article a wide circula-
tion.

Please ~~give us~~ ^{send} a reply at your
earliest convenience addressed to
The Christian Literature Company,
35 Bond Street, N.Y. and not to
my present which is only my va-
cation address.

Very truly yours:
Samuel M. Jackson.
