Sir J. Wm Dawson.

Dear Sir,

When calling upon
you a few months ago to ask
the privilege of using your name
as a reference when making
application to one of the
American Teachers Agencies for
a position to teach next year,
you very kindly offered to give
me a letter of testimonial also.
I now write to ask you this

favor, as I wish to send some such letters to the Boston Teacher's Agency to which I have lately applied, having been unable to find any opening for my special work through the Chicago Agency to which my first application was made.

It is difficult to obtain a position for special work in Philosophy, as the demand is small & the positions pretty well filled; but I am anxious to secure a position for this year, knowing that the accuracy & thoroughness obtained by a year's teaching would greatly enhance the value of my final year at Cornell.

Hoping that in making this request I am
not trespassing too much upon your time,
which is always as fully occupied
I remain

Yours very respectfully

Donald D. Drake

As I expect to be out of town for the next two
