REV. A. CARMAN, D.D., GENERAL SUPERINTENDENT.

REV. S. F. HUESTIS, SECRETARY.

Montreal Sep 17<sup>th</sup> 1890

Dear Sir.

I have taken the liberty to forward to you by Express Messenger, a couple of specimens which seem to me to be of an interesting character. I obtained them in King's Co. N. B., a day or two before leaving for Gen. Conf. I brought them with me intending to convey them to you, in the hope that you would be good enough to determine for me their character & scientific interest.

If you should think them of any scientific interest, I will gladly convey to you any further information, I may be able to give.
