London 20 Nov<sup>r</sup> 1890

<sup>E.C.</sup>  
My dear Sir William Dawson

Your account was made out before your letter arrived, and it is now with much pleasure that I forward our draft for royalties as enclosed. When the new Publishing & Book Season set in, I made a point of advertising again "Modern Science" &c and am still keeping it before the public.

I hope you have been able to make progress with the new book

With kind regards

Believe me

Yours sincerely

M. H. Hodder

Sir J. William Dawson P.R.S. &c
