385 St-Antoine St-

Dec 16th 1890

Dear Sir William Dawson

I brought your letter before the Committee on Friday last, and I was instructed to telegraph - as time was precious - to Dr Bourinot, asking him to name the time that it would be convenient for the Com. of the Royal Society to meet with the Local Com. in Montreal. He answered that if we would appoint Thursday afternoon next - which was the day preferred by the Local Committee - he would summon the Royal Com. to attend. I then telegraphed to him that I would call the members of the Committee

here to meet in the Rooms on
University st. at 2 P. M. on Thurs.
-day 16th. Kindly inform Dr. Harring-
ton of the Arrangement. Notices will be
sent out.

Yours Sincerely
Wm. J. Smyth
