Sir N. W. Dawson,

New York, Dec. 29th, 1890.

Dear Sir:—

We publish portraits of educational men from time to time in the "School Journal" desiring, in the words of Page, "to magnify our profession." We desire to give our readers your portrait very soon. Have you a good recent photograph? Please send with it a brief biography covering not over 250 words. Our aim is not to present eulogy or praise, but to give the facts, the work, the ideas of the man.

Yours truly,

From the Editors.
