CANADA COAL COMPANY,

MINERS AND SHIPPERS OF
JOGGINS COAL

SHIPMENTS BY WATER AND RAILWAY.

Joggins Mines, N. S., Nov 14th 1892

Sir W^m Lawson

Dear Sir,

Would you kindly inform me what preparation you use for bringing out the impression on fossil plants &c. Mr Torry will write to you and send you the Lizard marks I was telling you about. I told him you would take an impression and return him the original. I hope you have fully recovered from your sickness and that it leaves you again in perfect health.

Yours very truly
P. W. Haughton
