London, Apr 28 1893.
E.C.

Dear Sir William,

Dr. Macaulay has considered the question of publishing any of your papers in the Leisure Hour, but he feels unable to make any use of them at present; so the best plan will be for you to put the MS. into shape for a book as soon as you can, and then let me have it in its complete form. Meanwhile I retain the paper already sent.

I trust your health is, by this time quite restored. and
with very kind regards
