Sir W<sup>m</sup> Dawson

"Dear Sir"

Your favor of the  
11<sup>th</sup> came duly to hand and  
contents noted. I am pleased  
to know that the trees are  
turning out so well and hope  
by the time you get through with  
the examination that the result  
will meet your highest anti-  
-cipations. I was greatly inter-  
-ested in your history of W. G. C. C.  
that I read in one of the Montreal  
papers. and think it must  
be most gratifying to you at  
this day to look back on the  
result of your labors in that  
direction. I hope you will  
be spared in health and strength  
to visit us the coming summer

So that you can see for yourself  
the places from which these  
trees were taken - and also to  
have the pleasure of making  
some other finds in the same  
place. I have been quite unwell  
for the last two months but not  
laid up from work. I am now  
improving and hope ere long  
to be as well as ever.

Wishing you the compliments  
of the Season.

I remain

Yours very truly  
P. W. Haughton
