GEOLOGICAL SOCIETY,

BURLINGTON HOUSE, W.

Dear Sir

I enclose for your information uncorrected proofs of the Abstract of your Note and Dr Wheelton Hind's Appendix. The papers have not yet been read, but I expect that they will be at an early meeting. Dr Wheelton Hind seems unfortunately unable to supply me with a rough sketch of the suggested plate. It would have been better if we could have had something of the kind. As it is, we must try and manage without.

I am, dear Sir,

Yours very faithfully

L. Belinfante

Assistant Secretary
