Sir Wm Dawson

Dear Sir

Iardon a perfect stranger to you  
asking your opinion on a deeply  
interesting subject-I have been a  
student of Prophecy for upwards  
of thirty years in a very mild  
way but a late affliction has  
caused me to study it  
more closely, and in reading  
Grattan Guinness's work on  
approaching end of age I have  
been applying myself to the  
study of the dates in Daniel  
I think I have found the beginning  
and ending of not only the  
seven times viz 2520 but  
of the 1260 1290 and  
1335-years I now enclose the  
figures and ask you
