E.C.

Dear Sir

As I understand that you are of opinion that "the historical deluge" can be accepted as a fact on scientific grounds on the lines of Dr Prestwich's recent paper - I write to ask you if it would be possible for you kindly to write us a Parent Day Tract on this subject - I would suggest ^{as} the title - "The historical deluge" - You understand I have no doubt the standpoint from which our Tracts in this series are written and also the length of the Tracts -

If you are able to give your valuable help to this branch of the Society's work I am sure the Committee would be very grateful - May I say that should a Tract in this series not be accepted by the Committee they are prepared to offer a small Honorarium for the trouble which has been taken - I have very little doubt however as to any Tract from you being

finding Cordial acceptance at the hands
of the Committee -

Remain

I am faithfully

Yours P. Hobson
