August 8, 1894.

Dear Sir William:

I am in receipt of yours of 6th inst., and have sent a copy of it to Mr. Mackeen, our Manager in Cape Breton, asking him to try to obtain the fossils of which you speak.

Your suggestion as to the area referred to being a detached basin is extremely interesting, and we await with interest your memoranda on the subject.

Yours very truly,

*J. S. Mc Lennan.*
