

129 Beaufort Street
Chelsea London S.W.
28 November 1894

Dear Sir,

When the Geological Magazine was commenced in 1864, we published a list of leading Geologists upon whose favour we relied for our future success. After a continued existence of 30 1/2 years, we are changing our publishers (to Messrs Dulau & Co 37, Foho Square W.) & we desire to appeal once more to our friends to aid us in our renewed efforts to maintain in its efficiency this useful Monthly Geological Journal.

Many old friends have been lost to us in the course of 30 years, but we rejoice to find that 24 Original Supporters still remain with us, whilst many new ones have since been added to their numbers.

May we be permitted to place your name on our list for 1895 with those friends who are desirous to assist us & who are favourable to the continued existence & success of the Geological Magazine?
Trusting to obtain a favourable reply

I am, Dear Sir,

Yours very truly,
Henry Woodward,
Editor.
