My dear Sir William,

I am much obliged
for your kindly remembering
me with a copy of your
Beaver notes of the Coal
formation of Nova Scotia
and I am still more pleased
to know that not only are
you interested in revising
your past labours on Pale-
ontology but that your
health is so reestablished

as to enable you to do so -

I trust it may long remain
with you. With every
seasonable good wish I am

My dear Sir William

Yours faithfully

A. S. Cook
