Nashua N.H. 22. Jan/95

Dear Sir William,

Judge Archibald

has told me of your kindness
about my thesis -

Please accept my grateful
thanks for what you have done.

I am living so far away &
have not received the last

Calendars, & hardly feel in
touch with how things are

being done now.

Is it necessary to have

the Thesis printed if the subject is approved, whether it is accepted or not?

I have written this morning a formal letter to Dr. Johnson, to submit the subject of the Thesis as you suggested.

If approved he no doubt will tell me what further steps may be necessary to be taken -

Could you suggest to me a Printer ^{in Montreal} to have it published by, if I get so far as that -

It was with deep regret that I
heard of your resignation - No
one will be able to fill your place
in the hearts of the older Graduates
of the College. May you long be
spared to give the benefit of your
wise counsel to all fill -

I hope that you will not consider
me presuming in thus addressing
you - I feel as if you were an old
friend to whom I could go for ad-
vice - Though I have not had the
pleasure of meeting you for a long
time I always retain this feeling -
with affectionate regards -

Remain, dear Sir William,

Sincerely yours

Sir William Dawson
Montreal.

Chas Bancroft
