

Ms Fraile Westove Lakesfield

July 19th

Jan the 23^d 1895

Dear Dr Dawson - -

The aged authoress Mrs
O O Fraile desires to offer you
her grateful thanks for the kind
approval you have expressed
of her last work "Pearls & Pebbles".

You have indeed set a seal
as it were upon her humble
labor; the primary aim of
which, has been to awaken a
greater love for Almighty God
in our young Canadians - by
leading them to read His wis-
dom and merciful goodness

as displayed in the Book of
Nature, which has been so
wonderfully open to all who
with due reverence and
grateful hearts read, mark,
and strive to understand
its pages - -

To you dear Sir, how small
and insignificant the know-
ledge gathered simply by eye
and ear and an imperfect
education, must seem whose
great scope has been of the
grand works of creative
wisdom, and power of the
Eternal God -
With grateful thanks - Yours sincerely
Catherine Parr Hall
