Director and Editor:  
MR. F. E. THOMASSON.

TEMPORARY OFFICES:  
TEMPLE BUILDING, ROOM 103  
MONTREAL,

4<sup>th</sup> April ..... 1895.

To  
Sir William Dawson. L.L.D. & Co. & Co.

Sir  
I am writing to beg the  
favor of an interview as I am most  
anxious to enlist your sympathies in  
this attempt to produce a high-  
-class, high-toned Society Journal,  
founded upon high Ideals and  
good principles.

It is certainly not from  
any mere commercial reasons that

I so desire to explain the principles of my Paper to you, but because I feel you will take some little interest in a Journal which will try to foster an appreciation of Art and Science and Literature among the Citizens of Montreal — I have thought that you might perhaps see your way, after being fully possessed of the facts, to assist me with some suggestion, some slight literary matter without infringing upon your time too much, & rather I should say, more than suits your pleasure —

I may mention ~~that~~ Mr S. Arnold Finley, whose name is doubtless known to you, as being interested in the Graphic.

I have the honour to be

S<sup>r</sup> William  
Your Obedient Servant.

Frideric. E. Monmasson.
